SKIN REGENERATION

At BW MedAesthetics, we focus on treatments that stimulate collagen production and improve long-term skin health.

Every patient's skin is unique. During consultation we create a personalised treatment plan designed to improve skin quality, restore structure and achieve natural, long-lasting results.

Included are examples of our most popular skin regeneration programmes

ENHANCE - REJUVENATE - RESTORE

HOW SKIN REGENERATION WORKS

Healthy skin relies on collagen, elastin and hydration.

As we age, these natural decline, leading to changes in skin texture. firmness and overall skin quality.

Our approach focuses on treating three layers of the skin.

SKIN RESURFACING

Improves skin texture and stimulates collagen production.

Treatments may include:

NeoGen Plasma

Microneedling

Chemical Peels

SKIN REGENERATION

Improves hydration and stimulates cellular repair.

Treatments may include:

Polynucleotides

Sunekos

STRUCTURAL SUPPORT

Improves hydration and stimulates cellular repair.

Treatments may include:

Sculptra

Dermal Fillers

YOUR TREATMENT TIMELINE

MOST REGENERATION PROGRAMMES ARE COMPLETED OVER 3-6 MONTHS TO ALLOW THE SKIN TIME TO PRODUCE NEW COLLAGEN.

EXAMPLE TIMELINE:

Month one:
NeoGen treatment

Month two:
Polynucleotides

Month three:
NeoGen treatment

Month four:
Sculptra or Polynucleotides

Months five-six:
Final NeoGen treatment and
maintenance planning

RESULTS:

Results develop gradually as collagen production increases.

Most clients notice improvements in:

Skin texture
Skin brightness
Fine lines
Skin firmness

Full results are typically visible
8-12 weeks after final
treatment.

MAINTAINING YOUR RESULTS:

Maintaining healthy skin requires ongoing collagen stimulation and skin support.

After programme completion, we recommend:

NeoGen maintenance treatments
Skin boosters

Medical skincare
Skin membership

**YOUR PRACTITIONER WILL CREATE A PERSONALISED
MAINTENANCE PLAN DURING CONSULTATION**
