SKIN REGENERATION

At BW MedAesthetics, we focus on treatments that stimulate collagen production and improve long-term skin health.

Every patient's skin is unique. During consultation we create a personalised treatment plan designed to improve skin quality, restore structure and achieve natural, long-lasting results.

Included are examples of our most popular skin regeneration programmes.

Please note: Results vary depending on skin quality and degree of laxity. A consultation is recommended.

HOW SKIN REGENERATION WORKS

Healthy skin relies on collagen, elastin and hydration.

As we age, these natural decline, leading to changes in skin texture. firmness and overall skin quality.

Our approach focuses on treating three layers of the skin.

SKIN RESURFACING

Improves skin texture and stimulates collagen production.

Treatments may include:

NeoGen Plasma

Microneedling

Chemical Peels

SKIN REGENERATION

Improves hydration and stimulates cellular repair.

Treatments may include:

Polynucleotides

Sunekos

STRUCTURAL SUPPORT

Improves hydration and stimulates cellular repair.

Treatments may include:

Sculptra

Dermal Fillers

EYE REGENERATION PLAN

DESIGNED TO IMPROVE FINE LINES, CREPEY SKIN AND OVERALL SKIN QUALITY
AROUND THE EYES

How it works:

Polynucleotides repair and renew the skin, helping it become more resilient. This means when we introduce NeoGen, the skin is in a better place to respond, allowing us to get more out of the treatment. NeoGen then stimulates collagen and gently tightens the skin, helping to smooth and refine the eye areas.

TREATMENT PLAN

NeoGen Eyes - Course of 3
Polynucleotides Eyes - Course of 3
1x Regeneration capsules
1x AlumierMD Eye Kit

What it does:

Strengthens and repairs the skin
Improves crepey texture, including upper eyelids
Stimulates collagen for smoother, firmer skin
Brightens and refines the eye area over time

TOTAL SKIN TRANSFORMATION PLAN

A COMPREHENSIVE PROGRAMME DESIGNED TO RESTORE SKIN STRUCTURE,
IMPROVE DEEPER LINES AND SUPPORT OVERALL SKIN QUALITY.

Most advanced regeneration plan

How it works - this programme works in 3 stages:

REGENERATE: Polynucleotides repair and strengthen skin, improving hydration and elasticity.

RESTORE: Sculptra rebuilds lost volume and supports the structure of the face over time.

TIGHTEN AND LIFT: NeoGen then stimulates collagen and tightens the skin, helping to refine, lift and improve overall skin quality, firmness and overall skin quality.

By treating the skin in this order, we are able to improve both the quality of the skin and the structure beneath it for more noticeable, longer lasting results.

AlumierMD Core 4 medical-grade skincare supports your results at home, whilst the targeted regenerative growth factor support supports healing and optimises results.

TREATMENT PLAN

YOUR TREATMENT TIMELINE

MOST REGENERATION PROGRAMMES ARE COMPLETED OVER 6-12 MONTHS TO ALLOW THE SKIN TIME TO REPAIR, REBUILD AND PRODUCE NEW COLLAGEN.

How your results develop:

Results build gradually as collagen production increases over time.

Most clients notice improvements in:

- Skin texture
- Skin brightness
- Fine lines
- Skin firmness

Full results are typically visible 8-12 weeks after your final treatment.

What to expect:

Your treatment plan will be structured in stages, depending on your programme and goals.

Most plans follow a progression of:

Regenerate:

Improving skin quality and strength

Restore:

Rebuilding structure and volume where needed

Tighten & Refine:

Improving firmness, texture and overall finish

Maintaining your results:

Maintaining healthy skin requires ongoing collagen stimulation and consistent use of medical-grade skincare at home. After completing your programme, we may recommend:

- NeoGen maintenance treatments
- Skin boosters
- Medical-grade skincare
- Skincare memberships

**YOUR PRACTITIONER WILL CREATE A PERSONALISED
MAINTENANCE PLAN DURING CONSULTATION**
